Convinced of the long term positive financial impact of ESG and keen to contribute to responsible investing, SWEN Capital Partners has always integrated rigorous ESG assessment criteria in its investment analysis across private markets.

An independent jury made up of 10 institutional investors or international organizations will reward the best players in the field to be unveiled at the ESG Best Practices Honours ceremony, which is expected to bring together around 300 reputable industry players.

About SWEN Capital Partners

With €3.5 billion in assets under management in Private Equity, Debt and Infrastructure, SWEN Capital Partners invests through “primary” transactions (fund selection), “secondary” transactions (repurchases of units or fund portfolios) and “co-investment” (direct investments alongside partner managers in equity or mezzanine capital). SWEN Capital Partners offers a wide range of open-end and dedicated investment solutions for institutional and retail clients, as well as auxiliary services in portfolio tracking and monitoring. A subsidiary of OFI Group (Macif, Matmut, Ofivalmo Partenaires) and Federal Finance Gestion (Crédit Mutuel Arkéa), SWEN Capital Partners is a benchmark in non-listed European Responsible Investing and integrates ESG criteria in all of its institutional investment management.
